Medical Engineer - Office VAMED Nederland B.V.

Located in Utrecht and with its headquarter in Vienna, Austria, the **VAMED Group** is an internationally leading company in the field of Health Care. According to our philosophy "everything from one source", we constantly develop new and innovative strategies to ensure our market leadership in health improvement projects.

VAMED Nederland B.V. is part of the group and executing own projects.

Your challenge:

As a Medical Engineer you are part of the team that is executing building and renovation projects within the health care sector. You will be responsible for various stages in the projects from design, specifying, procurement, implementation and commissioning of medical technology. As Medical Engineer you will also coordinate all stakeholders in medical technology within the project, ranging from users, suppliers and builders.

- Support the implementation of medical technical projects for VAMED within the Benelux in the fields of medical engineering, planning & procurement
- Be part of the team for full life-cycle MT asset planning and design
- Communicate with customers such as the medical staff and the engineering department of hospitals
- Contact with suppliers, requests for proposals and offer processing
- Support in the creation of definitions and descriptions of the detailed specifications of medical equipment
- Support with Equipment planning, converting wishes of the client into technical requirements, management of room equipment lists, drafting of catalogues including specifying and quantifying, cost estimates, preparation of the general specifications, compilation and presentation of the documentation to the customer
- Active co-operation with other organizational units / departments

Your profile:

- Technical degree on HBO or WO level (from a technical college, university of applied sciences or university of technology)
- Good computer skills

- Knowledge on CAD or BIM modelling is beneficial
- Native Dutch speaker and profound language skills in English, German language skills are beneficial
- Excellent team working and communication skills
- Precise and structured working style
- High mobility and readiness to travel

Location:

- Utrecht / Netherlands, with travelling in Benelux and to HQ in Austria

Our offer:

- Dynamically growing market with a perspective for the future
- Overall conditions of an internationally successful group
